

Hetansh Kevadia

ACADEMICS

Year	Institution	CGPA	Major
Fall 2023- ongoing	University of Maryland College Park	3.9	Computer Science

INTERNSHIPS

Web Development Intern, EasyTech Innovations Pvt. Ltd. Mumbai, Maharashtra April–June 2022

- Learned to implement new functionality from provided requirements and specifications and participated in peer reviews for quality assurance.
- Shadowed the engineering team to learn about front- and back-end development & wrote custom HTML, JS, CSS for existing web-applications
- Collaborated with Business, UX, QA and back end teams to deliver superior incremental customer facing functionalities
- Participated in the full SDLC/Agile cycle engagements, including meetings, iterative development, estimations and design sessions

PROJECTS

- **YouSure? Bitcamp (2024)::** This app quickly summarizes your insurance policy, highlighting key details. Compare two plans from different companies side-by-side for informed decisions. The front end, built with React, offers a user-friendly interface for details, file uploads, and comparisons. The Flask backend supports user login, insurance analysis, and comparisons. Using user data, we predict associated risk with an XGBoost model. PDFs are parsed and stored in a vector database (Pinecone), leveraging RAG with LangChain for tailored results. GPT-3.5 Turbo enhances search functionality, ensuring accurate and up-to-date results. Made this alongside a dedicated team for Bitcamp 2024.

LEADERSHIP AND EXPERIENCES

- **Teaching Assistant (2024 - ongoing):** TA for two business related courses given by the smith school of business of UMD. Helped in structuring of the course for the semester, with critical thinking found ways for implementing “ungrading” a system where students would fairly assess themselves based on their performance on the course so they may learn something without fear of their final grades.
- **Organising Committee, Rotary Club, GBMS (2020):** Collaborated to organize seminars by inviting industrial personnel on issues such as Ethics in AI (spread awareness about the dangers of Deepfake) & Augmented Reality Challenges
- **Interact Club KC College (2022):** Wrote articles for highlighting women roles in STEM for their annual magazines and blogs
- **Smile Foundation (2019):** Helped raise funds amounting to INR 10 Lakhs to provide and distribute mid-day meals in schools of rural areas and urban slums in India

SKILLS AND INTERESTS

- MS Office (Advanced Excel) Canva
- C, C++, HTML, React, CSS, JavaScript, Python, Java
- IDK WHAT TO DO
